Customer Service: (877) 782 4482 Email: cs-outdoors@paragongroupusa.com

Introduction

Thank you for purchasing the Gazebo GZH4-1216BK.

When properly assembled and maintained, this gazebo will provide many years of enjoyment!

These instructions include helpful hints and important information needed to safely assemble and properly maintain the gazebo. Please read these instructions completely before you begin.

Our patented gazebo has been designed for easy assembly. All steps can be completed by a team of four people. The assembly should take about two hours.

Before Starting Assembly:

CAREFULLY READ ALL THE INSTRUCTIONS BEFORE YOU BEGIN AND FOLLOW THE STEPS IN THE ORDER THEY ARE PRESENTED.

1. Make sure you have all the necessary parts:

Compare the contents of all cartons to the List of Parts. If any parts are missing or damaged, or you have any questions, please contact Customer service: (877)782 4482 before beginning assembly.

2. Lay the parts out in separate staging areas:

The List of Parts has the corresponding step number referenced to each part. We recommend that while you go through the list, make staging areas for each step and place the parts necessary for each step in these areas. This will save you time and effort during assembly.

3. Select a Location:

When selecting a location for your gazebo, a flat level area is essential and if possible with proper water drainage and easy access to power and water, if necessary.

Choose a sunny, level position away from overhanging trees and power lines and protected from the wind as much as possible. Locate underground pipes or cables before preparing the site or anchoring the gazebo.

Note: You may assemble the gazebo on a hard level surface and move it to its final location when finished. Make sure that there are no obstacles between the assembly area and the final position.

4. Prepare a Foundation:

After choosing a location, proper preparation of the site is recommended. The site must be level.

If the site is not level, create a base slightly larger than the outside dimensions of the gazebo using a perimeter of two by fours filled with either soil, sod or gravel.

Make sure the base is square by measuring the diagonals from both directions and making sure they are equal. The gazebo is secured with pegs into holes cast with concrete.

If you decide to have a concrete base, it is best to contact a reliable contractor to make sure it is flat and level. Make sure you have checked with your local authorities regarding any required building permits.

5. Make sure you have the proper tools:

- | | |
|------------------------|---------------------------------|
| • Tape Measure | • 2 Small Step Ladders |
| • Work Gloves | • Wooden Mallet |
| • Safety goggles | • Scissors and knife |
| • Phillips Screwdriver | • Liquid soap or WD40 Lubricant |
| • Spirit Level | • Hex Key (included) |

NOTE: A cordless drill with Phillips head bit is highly recommended but not essential.

Safety Advice

- The gazebo must be positioned and fixed on a flat level surface.
- Dispose of all plastic bags safely. Keep them out of the reach of children.
- Keep children and pets away from the assembly area until the work is completed.
- Always wear shoes, gloves and safety goggles when working.
- Take special care not to touch overhead power lines with the aluminium profiles.
- Do not attempt to assemble the gazebo in windy or wet conditions.
- Do not position your gazebo in an area exposed to excessive wind.
- If using power tools or a ladder, always follow the manufacturers safety instructions.
- Hot items such as recently used grills, blowtorches etc. must not be stored in the gazebo.
- Make sure the gazebo complies with local building codes.

ATTENTION:

DO NOT ATTEMPT TO
ASSEMBLE THE GAZEBO
ALONE!

- Step 7** : Installing the Roof Panels and
Upper Roof Profiles
- Step 8** : Installing the Plastic Caps

List of Parts

The gazebo is shipped in five cartons. These cartons are heavy. Be careful when lifting them. Wear proper safety gear including work shoes, gloves and goggles. The parts are identified by removable sticks. Place all the parts for each step in staging areas, checking that you have all parts as you go. If any parts are missing or damaged, contact customer service before beginning assembly:

We included some extra screws and bolts for your convenience.

STEP 1 Assembling the Corner Profiles

Place all the parts on a level surface.
Make sure the pieces are in the correct positions before assembling.
Carefully follow the order of assembly to ensure an easy installation.
Wear proper safety gear including work shoes, gloves and goggles.

Components

Corner profile(1)
x4

Support frame(2)
x4

Support plate(3)
x4

Corner roof connector(4)
x4

Screw(33)
x24

ATTENTION: The corner profile (1) has two screw holes to connect it to the corner roof connector (4) and 8 pre-drilled screw holes to attach rails (5,6) in step 3 at its top end. It has two screw holes to connect it to the support plate (3) at its bottom end.

1

Top end

1

Bottom end

1.A

Place corner profiles (1) parallel to each other on the ground.
Attach one corner roof connector (4) to each top end as shown and fasten with screws (33).

x 4

ATTENTION: Note: Do not need to assemble support frame (2) if you purchased the screen netting (GZH4-1214-SS or GZH4-1216-SS).

1.B

Slide support frames (2) over lower end of corner profiles (1).
Attach support plates (3) to corner profiles (1) as shown, using four screws (33) for each plate.

Leave support frames (2) about 10" over lower end of corner profiles (1) until step 4.
(Secure the gazebo to the ground)

x 4

STEP 2 Assembling the Rails

Components

2.A

Insert rail connector (51) into blunt end of rail (5) secured with screws (31).
Insert long rail (5,51) into blunt end of rail (6) secured with screw (31) as shown.
Repeat to create two sets of long rails.

2.B

Insert rail connector (51) into blunt end of rail (7) secured with screws (31).
Insert long rail (7,51) into blunt end of rail (8) secured with screw (31) as shown.
Repeat to create two sets of long rails.

2.C

Attach four outer roof connectors (10) and three inner roof connectors (9) to each rail set (5+6) at pre-drilled screw holes, using screws (32).

2.D

Attach five outer roof connectors (10) and four inner roof connectors (9) to each rail set (7+8) at pre-drilled screw holes, using screws (32).

ATTENTION: Attach roof connectors facing exactly in the directions shown.

x 2

x 2

STEP 3 Assembling the Rails to the Corner Profiles

3.A

Attach one roof profile set (5+6) to two corner profiles (1) as shown, using screws (32) and supplied magnetic hex key (44) through holes in profile set.

Components

Screw (32)
x 32

Plastic Cap #3 (39)
x 32

Magnetic Hex Key (44)
x 1

3.B

Close holes in profile set with plastic caps #3 (39).

Repeat step 3.A and 3.B to create two sets.

3.C

Using at least 3 people, attach the remaining two roof profile sets (5+8, 6+7) to corner profiles (1), connecting all four corner profiles (1).

Fasten with four screws (32) and supplied magnetic hex key (44) on each side.

Close holes in profile sets with plastic caps #3 (39).

IMPORTANT: After this step you should place the gazebo frame in its desired location. Make sure all corners are squared at 90 degrees.

STEP 4 Secure the Gazebo to a Concrete Floor or Wood Deck

4.A

Concrete Floor:

1. Drill holes approx. 3.00 inches deep and use a mallet to set up.
2. 3/8" masonry drill bit to drill holes for the concrete anchors supplied.
3. Using a concrete drill, drill holes into the concrete floor, corresponding to the holes in support plates (3).
4. Insert concrete bolts (43) into the holes and hammer into place, using a mallet.
5. Fasten concrete bolts with washers and nuts.

Components

Concrete bolts, washers and nuts (43)

x 16

Wood Deck:

1. Using an electric wood drill, drill holes into the wood floor, corresponding to the holes in support plates (3).
2. Insert wood screws with washers (not supplied) into the holes and fasten, using an electric screw driver.

Wood Bolts, washers x 16

NOT SUPPLIED
to be purchased by user

NOTE: After securing the gazebo to the ground, we highly recommend filling the corner profiles (1) with 2 bags (20LBs each) of Pea Gravel each for extra stability, as shown.

STEP 5 Installing the Lower Roof Gable Profiles

ATTENTION:

DO NOT ATTEMPT TO ASSEMBLE THIS ALONE !

Components

Roof gable profile(11) 2469mm	Roof gable profile(12) 1808mm	Roof gable profile(13) 949mm	Roof gable profile(14) 949mm	Roof gable profile(15) 1790mm	Top center connector(20A)
x4	x2	x4	x4	x4	x4
U-shaped connector(23)	Roof top connector beam(29)	Roof top connector beam(30)	Screw(32)	Screw(34)	Screw(35)
x2	x1	x1	x68	x8	x16
Screw(36)	Nut(38) M6	Plastic Cap #1 (40)	Plastic Cap #2 (41)	T-connector (46)	X-connector (47)
x8	x16	x4	x4	x6	x4
Roof top connector(48)	Screw(50)	Roof gable profile(52) 450mm	Roof gable profile(52A) 440mm	Roof gable profile(53) 316mm	Roof gable profile(53A) 315mm
x4	x8	x4	x4	x4	x4
Roof Top Cover (54)	Aluminium Composite Roof Panel(55) black side	Aluminium Composite Roof Panel(58) black side	Aluminium Composite Roof Panel(61) black side	Aluminium Composite Roof Panel(62) black side	
x1	x2	x2	x2	x2	

Using at least three people, install the roof gables (11,12,13,14,15) in the following order:

VIEW FROM BELOW
(from inside gazebo)

ATTENTION:

Roof Profiles, roof panels and gables must be aligned properly during assembly to minimize any possibility of leaking.

IMPORTANT: Make sure that the roof gable profiles (11, 12, 13, 14, 15) are installed exactly as shown so that the pre-drilled screw holes will align properly with screw holes on the roof panels.

BOTTOM VIEW OF PROFILES

5.A

Using screws (34) and nuts (38), connect roof gable profiles (11) to corner roof connectors (4) on top of corner profiles (1).
Using screws (32), connect roof gable profile (11) to roof top connector beam (30) as shown.

VIEW FROM BELOW

ILLUSTRATION

5.B

Install roof gable profiles (15).

Using screws (50) and nuts (38) connect top center connector (48) to roof top connector beam (30).

Using screws (32) connect roof gable profiles (15) to inner roof connector (9) on long roof profiles sets (7,8) and the other end to roof top center connector (48).

ILLUSTRATION

Using screws (32) connect roof gable profiles (12) to inner roof connector (9) on short roof profiles sets (5,6) and the other end to roof top connector beam (30).

VIEWS FROM BELOW

5.C

Connect the roof top cover (54) to roof top connector beam (29) by attaching U-shaped connectors (23) from above, using two screws (36).

Using screws (50) and nut (38), connect four top center connectors (20A) to roof top connector beam (29).

Using screws (32), connect roof gable profile (52) to roof top connector beam (29).

Using screws (32), connect four roof gable profile (53) to top center connectors (20A).

5.D

Install roof top connector beam (29) and the U-shaped connectors (23) on the roof top connector beam (30) by screws (36) from below as shown.

5.E

IMPORTANT: Gently cut on the edge of the panels on both side with knife and remove protective plastic of roof panels. Place with black surface toward the sun facing out when installing.

Fit roof panels (62,58) on top of roof gable profiles (52 and 53). Place roof gable profile (53A) on the top of roof gable profile (53) and fasten with two screws (35) from below (inside gazebo).

5.F

Fit roof panel (61) on top of roof gable (53,52). Place roof gable profile (53A) on the top of roof gable profile (53), and fasten with two screws (35).

**5.G**

Fit roof panel (55) on the top of roof gable profiles (52,52). Place roof gable profile (52A) on the top of roof gable profile (52), and fasten with two screws (35).

5.H

Continue in a clock-wise direction as shown.

Fit roof panel (55) on top of roof gable profile (52,52) place roof gable profile (52A) on top of roof gable profile (52), fasten with screws (35).

Close off roof gable profiles (53) with plastoc cap #1 (40) and roof gable profile (52) with plastic cap #2 (41).

5.1

Attach T-connectors (46) to underside of roof gable profiles (12,15), using screws (32) as shown. Attach X-connectors (47) to underside of roof gable profiles (11), using screws (32) as shown. Connect profile (13,14) to X-connectors (47) and the other end to inner roof connector (9) using screws (32).

VIEWS FROM BELOW

STEP 6 Installing the Horizontal Roof Profiles

Components

Roof profile(24) 1009mm x2	Roof profile(25) 1000mm x2	Roof profile(26) 1000mm x2	Roof profile(27) 823mm x2	Roof profile(28) 823mm x2	Screw(32) x20	Hook(45) x2	Corner cap(49) x4
					Screw(33) x8		

6.A

Attach roof gable profiles (24,25,26,27,28) to T-connectors (46) and X-connectors (47), by using screws (32).

VIEWS FROM BELOW

VIEW FROM INSIDE

Attach hook (45) on the roof top connector beam (30).
Fasten corner cap (49) to the top of the corner profile (1) from inside, and using screws (33).

STEP 7 Installing the Roof Panels and Upper Roof Profiles

IMPORTANT: Gently cut on the edge of the panels on both side with knife and remove protective plastic of roof panels. Place with black surface toward the sun facing out when installing.

Components

				
Aluminium Composite Roof Panel(16)	Aluminium Composite Roof Panel(17)	Aluminium Composite Roof Panel(18)	Aluminium Composite Roof Panel(19)	Aluminium Composite Roof Panel(20)
x2	x2	x2	x4	x4
	Aluminium Composite Roof Panel(21)		Aluminium Composite Roof Panel(22)	
	x2		x2	x18

7.A

IMPORTANT: Gently cut the film in order to avoid breaking on the panels.

We recommend curving the roof panels SLIGHTLY as shown below, to facilitate fitting them onto the curved roof profiles.

Fit roof panel (17) on top of roof profiles (13,15) as shown and fasten with one screw (37) from below to outer roof connector (10).

VIEW FROM BELOW

7.B

Fit roof panel (16) on top of roof gable profiles (15) as shown and fasten with one screw (37) underneath of outer roof connector (10).

VIEW FROM BELOW

VIEW FROM TOP

IMPORTANT: Make sure that the roof panels are installed exactly in the order shown, otherwise it will be difficult to place the top roof gable profiles.

Components

Roof gable profile(11A) 2220mm	Roof gable profile(12A) 1623mm	Roof gable profile(13A) 942mm	Roof gable profile(14A) 942mm	Roof gable profile(15A) 1623mm	Screw(35)
x4	x2	x4	x4	x4	x74

7.C

Place roof gable profile (15A) on top of roof gable profile (15) as shown and fasten with screws (35) from below (inside gazebo).

Connecting the upper and lower profiles

VIEW FROM BELOW
(from inside gazebo)

! ATTENTION: Roof Profiles, roof panels and gables must be aligned properly during assembly to minimize any possibility of leaking.

7.D

Fit roof panel (18) on top of roof profiles (14,15) as shown and fasten with screws (37) to outer roof connector (10) from below.

VIEW FROM BELOW

7.E

Place roof gable profile (15A) on top of roof gable profile (15) as shown .
Align both profiles, and fasten with screws (35) from below (inside gazebo).

7.F

Fit roof panel (19,20,21,22) on top of roof profiles (11,12,13,14) as shown and fasten with one screw (37) underneath of outer roof connector (10).
Place roof gable profiles (11A,12A) on top on roof gable profiles (11,12) and fasten with screws (35) from below.

VIEW FROM BELOW

7.G

- Positions of screws (35) from below roof

VIEW FROM BELOW
(from inside gazebo)

7.H

Continue in a clock-wise direction as shown.

VIEW FROM TOP

7.I

Place roof panel (19,20) on top of profiles (11,13,14), fasten with screw (37) to outer roof connector (10) from below.

Place the roof gable profile (11A) on top of roof gable profile (11), fasten with screw (35) from below of roof gable profile (11).

7.J

Place the roof gable profile (13A) on top of roof gable profile (13), fasten with screw (35) from below of (13).

STEP 8 Installing the Plastic Caps

Components

Plastic Cap #1 (40)
x 14

Plastic Cap #2 (41)
x 4

Close off roof gable profiles (12/13/14/15) with plastic caps #1 (40) and roof gable profiles (11) with plastic caps #2 (41).

ENJOY YOUR COMPLETED GAZEBO!

Gazebo GZH4-1216BK

Aluminium Composite Roof Panels Assembly Instructions

WARRANTY:

Warranty covers damage due to manufacturing defects only for a period of 5 years on the structure, and 5 years on the Aluminum Shell from date of purchase. Warranty does not cover weather inflicted damage and/or damages caused by not following assembly instructions and adhering to warnings in manual. Warranty does not cover user error, negligence, or misuse.

ATTENTION: Roof profiles, roof panels and gables must be aligned properly during assembly to minimize any possibility of leaking.
